

## Visa Approved Security Assessors (SA) List

Last Updated: 1 October 2019

**Note: PIN Assessors are now managed by the PCI Security Standards Council. Refer to the PCI Assessor List to identify a Qualified PIN Assessor (QPA) to perform your Visa PIN Security assessment. [https://www.pcisecuritystandards.org/assessors\\_and\\_solutions/qpa\\_assessors](https://www.pcisecuritystandards.org/assessors_and_solutions/qpa_assessors)**

**Contact the regional Visa Risk Representative for additional information.**

Defined program participants that are required to validate compliance to one of the following Visa security programs; Access Control Server (ACS) and PIN Security must use an assess listed on the PCI SSC website:

- 3DS QSA: [https://www.pcisecuritystandards.org/assessors\\_and\\_solutions/3ds\\_assessors](https://www.pcisecuritystandards.org/assessors_and_solutions/3ds_assessors)
- Qualified PIN Assessor (QPA): [https://www.pcisecuritystandards.org/assessors\\_and\\_solutions/qpa\\_assessors](https://www.pcisecuritystandards.org/assessors_and_solutions/qpa_assessors)

Approved Vendor Program participants may continue to use a Visa Approved Security Assessor (SA) identified on this list for their onsite validation review. Furthermore, organizations that are not defined program participants and are not required to submit compliance validation to Visa. In these cases, they may use internal audit staff or other qualified assessors for security reviews. Sponsored entities that are not designated program participants, should contact their sponsoring financial Institution for further guidance.

**LEGEND**

**AVP Logical, Physical:** AVP security assessments are required for vendors participating in the Visa Approved Vendor Program (AVP). Third party vendors identified as card manufacturers, magnetic-stripe card personalizers, IC personalizers, IC pre-personalizers, cloud-based providers and over-the-air (OTA) personalizers.

\* The AVP Mobile, OTA and Cloud categories have been incorporated into AVP Logical.
